17, 18, and 19 January 2025

Ludhiana to host triple shows for fibres, yarns, fabrics, accessories, dyes & chemicals, and services

The textile hub of Ludhiana, renowned for its innovation prowess and entrepreneurial spirit, will once again play host to the highly curated triple shows viz. Yarnex, Tex-India, and DyChem Tex Process bringing together suppliers and buyers at the Dana Mandi, Bahadur Ke Road venue from 17 to 19 January 2025.

Following a highly successful showing in the 2024 edition, stakeholders across the value chain are keenly looking forward to getting a close-up preview of the innovation and product development that have taken place in Fibers, Yarns, Apparel Fabrics and Accessories, Dyes, Chemicals, Auxiliaries, and related Services.

The triple shows have evolved into a robust platform for sourcing and business networking, and draw a large number of trade buyers from Punjab and other states.

The upcoming Ludhiana shows will showcase products and services from leading manufacturers and suppliers from Ludhiana as well as from across the country. Renowned brands have confirmed their participation and are eagerly looking forward to business network with buyers. Functionality, sustainability, and innovation are distinctly emerging as drivers even as companies strive to garner a sizeable pie of the market.

For more than two decades now, Yarnex, Tex-India, and DyChem Texprocess have established their credentials as India's premier textile trade shows that have provided an integrated and seamless sourcing platform for buyers. The shows will play a catalyst role in strengthening the textile value chain in the prime commercial hub of Ludhiana.

Three days of the shows will witness the participation of 112 companies from various parts of India showcasing their latest in Fibers - Natural (Cotton, wool, silk & flax/ramie); Man-made (regenerated & synthetic); Specialty; and Others. Yarns - Natural & Blends (Cotton, wool, silk & linen/ramie); Man-made & Blends (regenerated & synthetic); Elastic; Fancy; Specialty yarn. Apparel Fabrics - Knitted; Embroidered; Grey; Imported; Printed; Processed; Silk; Specialty; Velvet, Woollen; Shirting Fabrics Mill Made and Powerloom, Women's Wear Fabrics - High-end Value Added Fabrics, Stitch Kurtis, Digital & Foil Print Fabrics. Stoles & Suit Dupatta, Dyes, Chemicals and Auxiliaries, Trims & Embellishments - Buttons; Zippers; Interlinings; Labels; Laces; Tapes; Thread - Sewing & Embroidery; Services at the Show.

Visitors to the YARNEX, TEXINDIA, and DyChem represent a diverse category including international buying houses and buying agents, garment manufacturers & exporters; composite mills, powerloom weavers, knitters, distributors and wholesalers, apparel brands, importers, fashion designers, fashion labels, sourcing agents, large-format retail chains & trade body representatives.

Even as the Indian textile industry aligns itself to achieve ambitious growth of US\$ 350 billion by 2030 set by the Central Government, sourcing platforms like Yarnex, Tex-India, and DyChem will play a significant role as an enabler.

To facilitate seamless entry into the Yarnex venue, trade visitors are encouraged to pre-register at www.textilefairsindia.com

Arisudana Industries Ltd.

Arisudana Group is engaged in yarn spinning, manufacturing high quality spun polyester yarns in Ludhiana, Punjab with units at 2 different locations in the city. They manufacture raw-white and fancy polyester yarns using two primary spinning systems -Airjet and ring spun yarns.
